

Anchor - Water Base Degreaser - Cleaner

DESCRIPTION:

- ❖ Meets U.S. Coast Guard specifications for non-hazardous material for storage aboard ships as a degreaser and cleaner.
- ❖ Non-flammable, phosphate free and biodegradable.
- ❖ Economical – highly concentrated, saves on labor time and amount of product needed.
- ❖ Contains detergents, builders, sequestering agents, and dispersants to help provide total removal of solids and greases.
- ❖ Versatile – petroleum industry, floors, walls, bilges, decks, drilling rigs, and many other facilities.
- ❖ Helps remove mold, mildew stains, waterline scum, creosote, petroleum, drilling mud, wax stripping, and cleans oil-soaked ground and beaches.

SUGGESTED APPLICATIONS & DIRECTIONS:

NORMAL CLEANING: Dilute up to 1:64 to 1:32 with water. Spray on area. Let stand for 1-3 minutes to penetrate through soil and grease. Agitate severe areas. Rinse area thoroughly with water after cleaning.

STEAM CLEANING OR PRESSURE WASH:(Hot or cold) Mix solution 1:30.

HEAVY DUTY CLEANING: Dilute up to 1:32 to 1:16 with water.

EXTRA HEAVY DUTY CLEANING: Dilute up to 1:16 to 1:8 with water. Scrubbing heavy build-ups may be necessary.

SPRAY CLEANING: Allow to stand for 3-5 minutes. Scrub severe areas and then rinse thoroughly.
