

Cameron Measurement Systems

Techniques International Corporation Nigeria Limited has been appointed as the exclusive official agent/distributor for Cameron Measurement Systems. Cameron has 4 divisions. We are only the agent/distributor for the Cameron Measurement Systems division which was formerly known as Barton/Nuflo Measurement Systems and before that Halliburton Measurement Systems.

The list of products covered by Cameron is just too vast to list them all but I have listed the ones that are mostly requested which include the following name brands: **Nuflo, Barton, Clif Mock and Caldon.**

Flow Metering

Gas and Liquid Turbine Meters
Orifice Fittings and Meter Runs
PD Meters
DP Cone Meters
